

## 2024-25 Policy Review Schedule

Policy review is an ongoing process. In addition to the regular review cycle, a policy may be reviewed for cause. Reasons for a review for cause may include changes in college operations, updates to other college policies, changes in legal requirements, shifts in policy effectiveness, and/or evolving needs of college stakeholders. The typical review cycle at WCC is five years. As new policies are implemented and existing policies are reviewed, a timeline for each policy will be assigned.

The following policies are under review in 2024-25, and will be assigned a timeline for future review once completed.

|        |   |
|--------|---|
| Policy | <a href="#">1025 Regional Planning Agreement Policy</a>                               |
